Preferred Primary Care Provider Directory Disclaimer

About the Pathways Preferred Provider Network

Pathways Accountable Care, LLC is a participant in the ACO REACH Model and has established a Preferred Provider Network of primary care providers committed to collaborating in the coordination and management of patient care. These providers work closely with Pathways Accountable Care, LLC to improve health outcomes, enhance the patient experience, and reduce avoidable hospitalizations and emergency department visits.

Patients are encouraged to utilize providers within the Preferred Provider Network to maximize the benefits of this coordinated care approach. Through enhanced collaboration among providers, care managers, specialists, and community resources, patients may have access to additional support services designed to promote preventive care, manage chronic conditions, and help maintain overall health and wellness.

Provider information contained in this directory is updated regularly. While Pathways Accountable Care, LLC makes reasonable efforts to ensure the accuracy of the information presented, provider participation, practice locations, contact information, and service availability may change without notice. Patients should contact the provider directly to verify participation in the Preferred Provider Network and confirm appointment availability prior to scheduling services.

Inclusion in this directory indicates participation in the Pathways Preferred Provider Network but does not constitute a guarantee of provider availability, acceptance of new patients, or the quality of services rendered. Pathways Accountable Care, LLC makes no warranties regarding the completeness or accuracy of the information contained herein and shall not be liable for any losses, damages, costs, or expenses resulting from reliance on this directory or services received from any listed provider.

Together, Pathways Accountable Care, LLC and its Preferred Primary Care Providers are committed to delivering patient-centered, coordinated care that helps patients stay healthy, manage chronic conditions effectively, and avoid unnecessary hospitalizations whenever possible.
